

Why Choose the NWCH Consult Framework?

Lot 6: Project & Programme Management

Leading Projects, Delivering Certainty

Summary of Lot 6: Project & Programme Management:

- Provides expert project and programme management to support public sector clients from concept through completion
- Ensures cost, time, and quality certainty through the NWCH Two-Stage Open Book approach
- Applies strong governance, risk management, and oversight to keep projects on track and aligned with strategic objectives
- Promotes a collaborative “one-team” approach, integrating stakeholders and supply chain partners early
- Supports social value and environmental goals, aligning project outcomes with client priorities
- Offers fast, compliant access to vetted, high-quality project management consultants through a public sector-designed framework

Who can access Lot 6?

All public sector organisations in the North West of England can access this lot.

The NWCH Consult Framework is explicitly open to all public sector bodies across the North West region.

The framework provides these organisations with fast, compliant access to pre-vetted consultants for Project & Programme Management services under Lot 6.

Why NWCH Consult?

- Fast access to top consultants via a compliant procurement
- No direct fee to use the framework
- Fully managed process with quality assurance throughout
- Customisable social value targets aligned to your project
- Trusted, long-term supplier relationships
- Highly experienced consultants with deep expertise
- No upper limit on project value
- Performance Management: Time, cost, and quality tracking
- Bespoke KPIs: Tailored to client and project needs
- Flexible to commission type and project-specific requirements

“

We are proud to be appointed to the North West Construction Hub Framework and look forward to delivering excellent service, working collaboratively to drive value and quality on projects across the region.

”
